Short description	Mostra virtuale sulla vita e le opere di William Butler Yeats, poeta e drammaturgo irlandese.
Positive feedback	<p>L'interfaccia offre diverse opportunità di navigazione a 360°. La mostra dispone di un menu che consente di: esplorare la mostra per aree (<i>areas</i>), scegliere le singole "vetrine" allestite (<i>interactives</i>), compiere ricerche per parola. È, inoltre, sempre possibile conoscere la propria posizione rispetto al percorso grazie alla mappa.</p> <p>La mostra virtuale, composta di video, immagini e testi e contenente una <i>timeline</i> molto dettagliata, è altamente interattiva.</p>
Negative feedback	Per una corretta navigazione del sito sono necessari Flash e banda larga.
